Next steps

1. Next 2-3 weeks, I will have a meeting with everyone of you. I would like to listen to:
 - Your ideas of possible improvements
 - What we need to improve as a service
 - What are our major challenges/how to address them
 - Any proposal you would like to share
2. I will present the conclusions of the discussions
3. I will decide on the best possible organisation

I commit to:

- Always work in the interest of the Organisation
- keep improving the image of the Procurement Service
- Defend the Service
- communicate on a regular basis: my office will always be open
- Work together in a collaborative way

The road ahead

I am proud of the work we do
Plenty of challenges (to define together):

- High volume of work
- Lack of resources

Every person in the Service is important
I do NOT have the solution for all our problems

I COUNT ON YOU

Thank you
