

CERN delivery requirements

Each CERN order is to be packed individually. The delivery note/documents are to be attached in a sealed envelope on the outside of the packaging, the information on the documents must correspond to the contents of the packaging. A printed label must be clearly visible on the packaging and contain the following information:

- Correct CERN order number (EX:CL1234567) in both letter and barcode
- Delivery note/document reference in both letter and barcode
- Name of CERN technical – provided in the purchase order
- Full delivery address - provided in the purchase order

CERN purchase order contains all the information for the printed label!
