

Privacy

Within the framework of the survey CERN processes personal data, in particular your name, surname, company and contact details. The purpose of such processing is to assess CERN's impact on the industry and society. The legal basis of such processing is CERN's legitimate interest to assess and evaluate the preceding.

Personal data will be processed by CERN's Procurement Group in accordance with CERN's [Operational Circular no. 11](#), which constitutes CERN's internal data protection framework. Personal data may be transferred to CERN's service providers, and it will be retained by CERN for ten (10) years as of the performance of the survey. To exercise your rights - right of information, access, objection, correction, right to request temporary suspension or right of deletion, please contact us at Procurement.Service@cern.ch.
